

I Made Dabi Arnasa earned a Bachelor of Arts degree from the Indonesian Institute of the Arts in Yogyakarta, Indonesia. His art is influenced by the realm of dreams, where he constructs a miniature universe that mirrors his interpretation of the human subconscious.

Drawing inspiration from both his own and others' dream recollections, he translates these visions into his artwork. Through his creations, I Made Dabi Arnasa contemplates the transition from consciousness to unconsciousness, a transformative journey that aids in his personal growth.
